I heard that a lot of people were laid off.

Sorry to hear that Frank was on the list. I will forward it to some people, at least they can put his resume in for future openings.

Happy Holidays!!! (maybe after the holidays we will get together and have lunch.)

Good morning Annie,

How are you?

Annie, you probably know what happened here, and Frank was on that list. I have attached his resume, if you know anyone within bio or pharm world, would you mind to forward Frank's info? He would be interested in some manufacturing jobs too.

Have a great Thanksgiving! Take care,  
Maria
